

## HIGH SCHOOL NOTES

New students are still coming in, two being enrolled yesterday. The total high school enrollment has now reached 146 and indications are that it will still be higher than that.

Principal J. A. Young attended a Lyceum lecture at Nyssa Tuesday night and pronounced it simply grand.

A favorite pastime of the Freshmen to be holding meetings but there is still hopes that that Freshman party will soon be here.

The first football game has now been scheduled with Payette and will take place Friday after this coming one at Ontario.

Miss Catherine Conway is expected home the later part of the week from Portland where she has been ill in the Portland hospital for some time. However it is not known just how soon she will be able to take her place in the English room.

The Seniors and Juniors had a lovely time Friday night at a party held at the Moore Hall. The party was originally intended for the Sophomores but owing to some trivial misfortune was postponed at the last minute. This fact did not keep the upperclassmen from enjoying themselves. A five piece orchestra composed of piano, three violins and a guitar furnished the music for the evening. The dancing closed at 11:30 in order to see the boys off who left that night for student army training camps.

A large number of the parents and friends of the pupils were present at the Parent-Teachers reception given at the high school Friday evening. The hall was attractively decorated and a musical program furnished on the Victrola was given during the evening. Light refreshments consisting of punch and wafers were served. Misses Charlotte Clagett and Elita McCright assisting in the service.

John Rutherford was another one of the new pupils to be enrolled in the Sophomore class the first of the week after having come down from Cascade where he has been for some time.

## The Well-Dressed Man

THE clothes you will wear this season will be cut upon individual but conservative lines.

Extravagant style features that have been so much in evidence are gone, because wool, one of the staples that is winning the war, must be conserved.

Yet never has a more marked distinction been reached than in our Winter models of

## How Much Would the KAISER Tax Your Business?

Think this thought twice over: "If we should fail to win this war what would happen to my business?"

What is left of business in the invaded districts of France and Belgium? What will be left of business here, if we fail to crush the sinister power of Prussian militarism? How much would you have left after paying the taxes and levies imposed by a victorious Germany?

### Defend Yourself With LIBERTY BONDS

This is not only a war for Democracy and Liberty, but a war of self-defense. Germany menaces our rights, our self-respect, our homes, and our means of livelihood.

Every citizen—every business man—has weapons of defense ready to his hand. These weapons are Liberty Bonds. We cannot all fight with guns and bayonets but we can all fight with Liberty Bonds.

### Buy to Your Utmost

Of course you have bought Liberty Bonds. Every one has. But how many more will you buy? The success of the Fourth Loan and of the war itself depends on your answer to that question.

Buy all the bonds you can. Go to your bank and make your arrangements. Buy more than you ever thought you could buy.
